

# Shake

Dehd

It's not enough  
It's not enough, love  
You got it wrong  
You've got it wrong

Shake, shake  
Shake, shake  
Shake, shake it off  
Make, make me  
Make, make me  
Make, make me tough  
Tough

Shake, shake, shake-shake-shake  
Shake, shake, shake-shake-shake

I'm stepping into water  
I'm thinking hard about it  
I'm getting kind of smarter  
With each and every mistake  
It's getting louder  
The voice inside the well  
Where is the power?  
Is it in me? Is it in you?

Shake, shake  
Shake, shake it off  
Shake, shake  
Shake, shake it off  
I'll fake it, fake it to the top  
Shake, shake it off  
Shake it

To the top  
To the top  
Shake, shake, shake-shake  
Shake, shake, shake-shake-shake
