

# Stars

Dehd

Stars above, I get too much  
My heart ain't strong enough  
For me I can't keep up  
My heart ain't strong enough

Walk baby walk, walk walk my baby  
Talk baby talk talking to the stars above, stars above!  
Dance baby dance dance my baby  
Jump to the cues you know you know you know  
You gotta gotta cut loose  
You got nothing left to lose

Stars above I get too much  
My heart ain't strong enough  
For me I can't keep up  
My heart ain't strong

Stars above I get too much  
My heart ain't strong enough  
For me I can't keep up  
My heart ain't strong

I know I'll never make it alone  
I check the sky for my way back home  
Looking for a place I might know  
Looking out my window above  
I got a great big heart for the city I love

Stars above, I get too much  
My heart ain't strong  
Stars above, I get too much  
My heart ain't strong enough

Enough enough enough  
Enough  
Enough enough
