

Sunburn

Dehd

When it's raining out
I will bike somehow
I will bike somehow
When it's raining out

Don't need your number now
Don't need your number now
Don't need your number now
You let me down

Your love was like a sunburn
Your love was like a sunburn
Your love was like a sunburn
Warmed my face but now it hurts

Sunburn
(You know you want it)
Sunburn
(You remember the sunburn)
Sunburn
(You know the sunburn)
Sunburn
(You remember the sunburn)

I've got your photograph
I've got your photograph
I've got your photograph
But that's all I have

Oh, I am better now
Oh, I am better now
Oh, I am better now
In my new crowd

Your love was like a sunburn
Your love was like a sunburn
Your love was like a sunburn
Warmed my face but now it hurts

Sunburn
(You remember the sunburn)
Sunburn
(You remember the sunburn)
Sunburn
(You remember the sunburn)
Sunburn
(You remember the sunburn)

I'm having trouble in my
I'm having trouble in my
I'm having trouble in my
Mind

I'm having trouble in my
I'm having trouble in my
I'm having trouble in my
Mind
