Wild

Wild

Make me wild just walking around  
(I know, I know, I'll do it, I'll do it)  
(I know, I know, I'll do it, I'll do it)  
Make me wild just walking around  
(I know, I know, I'll do it, I'll do it)  
(I know, I know, I'll do it, I'll do it)  
Make me smile just talking it out  
(I cannot remember the last time I that I was happy like this)  
Make me smile just talking it out  
(I cannot remember the last time I that I was happy like this)

Even for a friend

Hope it never ends

I love you, I love you  
My baby, my lover  
I'm hoping, I'm hoping  
We stay light forever  
My lover, my lover  
My baby, my honey

Make me wild just walking around  
Make me wild just walking around  
Make me smile just talking it out  
(I know, I know, I'll do it, I'll do it)  
(I know, I know, I'll do it, I'll do it)  
Make me smile just talking it out  
(I know, I know, I'll do it, I'll do it)  
(I know, I know, I'll do it, I'll do it)

Make me wild

(I cannot remember the last time I that I was happy like this)  
Make me wild

(I cannot remember the last time I that I was happy like this)

Make me smile

(Wild, wild, wild  
Smile, smile smile)

Make me smile

(Wild, wild, wild  
Smile, smile smile)
