

## Consumed By Hatred

Deicide

Hatred runs deep, evil released  
Darkness has taken control  
Fatal decision your death I envision  
Aversion on you I invoke

No one of nothing of you will be spared  
Go from my life and dispelled  
Condemned to die, and forever despised  
Your father awaits you in hell

Evil unseen, what will be will be  
Blasphemy I bleed  
Doomed to die, strangled by my spite  
Satan on my side  
I won't rest, curse you to death

Loss to be got, leave you distraught  
Face of desertion and dread  
Pay with your life, on the cross with your Christ  
The price that I put on your head

Consumed by hatred, god wants you dead  
Consumed by hatred, cease to exist  
Consumed by hatred, fall from the light  
Consumed by hatred, waste of a life

Right is ignored, you will get yours  
Wiping your blood from my hands  
Light of deception, dysfunction resentment  
Upon all your graves I will stand

Evil bereave, own your agony  
Hell has been unleashed  
Womb of lies, suffocate inside  
Terminate our ties  
For the best, hate you to death

Dispose your sight, careless if you die  
Alone in your miserable shell  
No more am I part of a lie  
Hate you and damn you to hell
