

# Once Upon the Cross

Deicide

Once upon the cross

Fear him, fear him, fear him... Satan

Nazarene in the valley of persuasion  
To receive last temptations from Lord Satan  
"Take a bite" said the serpent "eat of it"  
Without no choice to do so, you cannot resist

Impaled crucifixion  
Compassion forgot  
Eternal damnation  
Once upon a cross

Blasphemy laughs at thee  
Jesus you've been deceived  
Struggling on the cross  
Gagging to breathe  
Despite your god, question why  
You were retrieved by the angel of light

Kill him, kill him, kill him... Satan

Nazarene screaming on his crucifixion  
Prophecy in its final contradiction  
When you die is when the lie will be believed  
Upon the cross, before the world to see

Once upon the cross
