

On Your Stage Again

Deine Lakaian

Sing my heart sing from our past Sing oh my heart of our memories

Here, here we are back on your stage again Playing the games of love for you again Sing my heart sing from your past Sing oh my heart of their memories

Here, here we are ready to entertain Telling you tales from long lost hideaways Sing my heart sing from our past Sing oh my heart of our memories

Here, here we are on the road again Pouring out a basket filled with joy and pain Sing my heart sing from your past Sing oh my heart of our memories

Here, here we are we're knowing all the lines Touching your hearts come join into our rhymes Here, here we are we will come and go again And never forget that your struggling is not in vain Sing my heart sing from our past Sing oh my heart of our memories
