Deinonychus

raping the light before my eyes • no sense of awareness • every  
thing dies • From dawn to the end of all times • Dreams faded t  
o dust • From above • All seems so cold • there is nothing • st  
op screaming • no one listens • i've seen this coming • the cra  
ving to take is god-like • bitter flavor • red • crowning this  
moment forever • please let me go • i want to live • there is n  
o need for this • stories are about to be told • mine ends here  
for no reason • you're eyes are wide open • the screams statue  
d alike • for this • i live • this is the reason • for this I s
