

# I Have Done As You Did

Deinonychus

Yes, you bade me follow  
And I made that choice  
By my own oath beholden  
I pledged my blood honour  
I'll come into your kingdom  
And feel the dark passion

I have done as you did

These sleepless nights  
Cold sweat on the palms  
My hair danced with  
The wind through the window  
One step until...  
We meet again

I have done as you did
