

Glory

Deitrick Haddon

Oh You, You get the glory
For everything You've done for me
No man can take the glory
For all of the things You've done for me

Lord, I know that You're the One
And I know where my help comes from, comes from

All glory and honour belongs to God
All glory and honour belongs to God

Oh You, You get the glory
For everything You've done for me
No man can take the glory
For all of the things You've done for me

Lord, I know that You're the One
And I know where my help comes from, comes from

All glory and honour belongs to God
All glory and honour belongs to God
All glory and honour belongs to God
All glory and honour belongs to God

It belongs, it belongs to God...

It belongs to God...
