

God @ Work

Deitrick Haddon

Oh Lord
All God's people Put your hands in the air
Wave them in the air
Oh Lord
It's G-O-D that I know

Some People say I don't deserve it,
And I reply I must agree,
One thing I know is I have purpose,
While people talk, God keeps blessing me
It's God at work
He's working
Work
He's working
It's nothing to do with me,
I know that you can see.
It's God at work, work
He's working
work, work
Sometimes it's hard to believe, but God keeps blessing me. It's God at work

Everytime it seems like one door closes, He parts the sea like he did for mo
ses
And every time someone decides to judge me (oooh),
He turns around and wants to thank me
It's God
God at work
My God he is working
Work
Yeah
It has nothing to do with me, (nothing to do with me); I know that you can s
ee
God at work, work (he's working) work, work (still working)
it's hard to believe, but God keeps blessing me.
It's God at work

I know, I know if it wasn't for my savior, I wouldn't have to do a whole lot
of labor,
They say, they say, that favor isn't fair, that's why I love working for my
savior,
He got my back through the good and the bad,
Jesus is the best friend I ever had,
And you should know him (know him), he's amazing (amazing)

God at work (yeah) (God) (is working for me)
God at work (oooh) (oooh)
God at work (ooh) (god is working for me)
God at work (yeah) (ooh) (ooh)
God at work (ooh) (I work for him, he work for me)
God at work (ooh) (oooooh)
God at work (I know he's working for me)
God at work (God) (God is working)

Put your hands in the air, wave them in the air
God at work
God at work
Work

Wooooork
It's nothing to do with me
nothing to do with me
I know that you can see
It's God at work
He's working out
Work

Work
Sometimes it's hard to believe, (wont God do it)
But God keeps blessing me
It's God at work
