

# It's Over Now

Deitrick Haddon

It's over now  
It's over now  
So it's over now  
It's over now

I cannot explain the way I feel  
I must be dreamin, this can't be real  
and I now I know that there's a God somewhere  
Cause when I called you answered my prayer

Sunshine after the rain  
you have takin away my pain  
Someway and some how  
It's over now, the storm is over now

It's over now  
Um...no more tossing and turning in the middle of the night ya' ll  
It's over now  
No more fillin that something ain't right ya'll  
So it's over now  
and I don't have to walk wit my head hanging down..no  
It's over now  
cause my feet is on solid ground...oh

You took my fear and gave me faith and took away my shame and g  
ave me grace  
then you lifted my burden off my shoulder and you didn't walk a  
way when you came closer.

Sunshine after the rain  
You have takin away my pain  
Someway and somehow  
It's over now, the storm is over now

It's over now  
No more smiling and cryin inside ya'll  
It's over now  
and I don't have to worry cause God's on my side  
SO it's over now  
and now I can love again, I can breathe again  
It's over now  
Oh it's over...it's over
