Kontroler  
He's got it all in control, yeah  
Yah yah yah yah yah  
Kontroler  
He's got it all in control, yeah  
Yah yah yah yah

All in control  
All in control  
All in control  
He's got it, got it, got it  
All in control  
All in control  
All in control  
He's got it, got it, got it

Don't you worry bout a thing  
Kontroler  
Trust in the king of kings  
Kontroler  
Ooh baby, don't cry  
Kontroler  
You gone live and you ain't gone die  
Kontroler  
Devil trying to take over  
Kontroler  
Fear not gotta know you're covered  
Kontroler  
Blood of jesus all over  
Kontroler  
Our god is the great controller

Global warming is a warning  
Whole world feel that something coming, oh oh  
The earth is quaking  
The birds are swarming  
But I know it's all under control  
He governs heaven and below, oh oh

Kontroler...  
All in control  
All in control  
All in control  
He's got it, got it, got it  
Kontroler...  
All in control  
All in control  
All in control  
He's got it, got it, got it

Don't you worry bout a thing

Kontroler  
Trust in the king of kings  
Kontroler  
Ooh baby, don't cry  
Kontroler  
You gone live and you ain't gone die  
Kontroler  
Devil trying to take over  
Kontroler  
Fear not gotta know you're covered  
Kontroler  
Blood of jesus all over  
Kontroler  
Our god is the great controller

Every morning day and night  
He got angels ready to fight  
In the darkness he's the light  
When I call he's there on site  
And I won't let the world get me down now  
I'm feeling real good right now  
I'm the apple of his eye  
I know he's gonna make a way somehow

Kontroler...  
All in control  
All in control  
All in control  
He's got it, got it, got it  
Kontroler...  
All in control  
All in control  
All in control  
He's got it, got it, got it

My my my  
None of this caught god by surprise  
He's watching every day and night  
I believe everything's gonna be alright  
Alright, I know  
There's a lot that we don't know  
But there's nothing that he don't know for sure  
And he's got it all under control

God's got it all in control  
God's got it all in control  
He's got it, got it, got it  
He's got it, got it, got it  
God's got it all in control  
God's got it all in control  
God's got it all in control  
He's got it, got it, got it  
He's got it, got it, got it  
God's got it all in control...
