

## Let It Go (Everything)

Deitrick Haddon

The family, the business, the job  
Everything  
My marriage, my kids they close to my heart  
Everything  
My past, the pain, my scars  
Everything yea  
My dreams, my career, I'm giving you Lord  
Everything

I can't carry this all by myself  
Right now I'm praying Lord I need your help  
If they be unto me to see if I'm gone fall  
Jury control

I'm learning to stop holding on to things  
Cause holding on is only killing me  
I made up my mind I will release  
Everything  
Things that I can't control  
I give it to Jesus so let it go  
I know you will supply all my needs  
Everything

My church, the hurt, it's all yours  
Everything  
I'm giving my enemies, even my friends to you Lord  
Everything  
My issues with my ex, we did our best  
Everything  
My weakness, frustrations, Lord I confess, now repeat after me  
Oh

I'm learning to stop holding on to things  
Cause holding on is only killing me  
I made up my mind I will release  
Everything  
Things that I can't control  
I give it to Jesus so let it go

My mother, my father, sisters and brothers  
My nephews and nieces and all of the others  
All of my tears and all of my years  
I give it to Jesus so let it go
