

One Day

Deitrick Haddon

Ready when he comes
Ready when he comes
Ready when he comes
Ready when he comes

Ready when he comes one day
Ready when he comes
Ready when he comes one day
Ready when he comes one day
Ready when he comes
Ready when he comes one day

Ready when he comes...
One day
Ready when he comes...
What a great day
Ready when he comes...

Ready when he comes one day
Ready when he comes
Ready when he comes one day
Ready when he comes one day
Ready when he comes
Ready when he comes one day

War will be over one day
We're crossing over one day
No more children dying one day
No more politicians dying one day

Ready when he comes one day
Ready when he comes
Ready when he comes one day
Ready when he comes one day
Ready when he comes
Ready when he comes one day

No more homelessness and hunger one day
No more living under pressure one day
Your likes and followers won't even matter
One day...

When we all get to heaven
What a day
Day it's gonna be
When we see Jesus
We're gonna dance together one day

No sickness
No pain
All sunshines
No rain
I will be listening when the trumpet sounds
We'll be lifted off the ground we'll be caught up

Caught up
We're gonna be caught up - one one day

Caught up
We're gonna be caught up - one day
...
