When the praises go up
I know that the blessings come down
When the praises go up
I know that the blessings come down
When the praises go up
I know that the blessings come down
When the praises go up
I know that the blessings come down

Blessings come down
Blessings come down
Blessings come down
Blessings come down

It's a promise
From your Word
I live by it
Everyday
There is nothing
In this world
That can take back your promises

Nangwe zwi tshi konda
Nda sedza Kha vhone
Ndi nga wana dziphathutshedzo
My God you dey bless anyone
Vhone a vhana tshikhetho
Favour and blessings follow me
Holy Spirit guiding me
Favour and blessings follow me
Wherever I go

When the praises go up
I know that the blessings come down
When the praises go up
I know that the blessings come down

Blessings come down
Blessings come down
Blessings come down
Blessings come down

I'm too high and I won't come, won't come down
Gravity always pulling me down
I'm just trying to break new ground
Nothing can shake my faith right now
No fear is allowed
I'm gon' scream it out loud
Favor follows me around
When praises go up!

Blessings come down
Blessings come down
Blessings come down
Down, down, down, down, down, down
I know

When the praises go up
I know that the blessings come down
When the praises go up
I know that the blessings come down

Blessings come down
Blessings come down
Blessings come down
Blessings come down
