Rolling into Christmas  
Into Christmas

It's the holiday season  
Christmas time  
For eleven months straight  
I've been on my grind  
It's something special about it  
It's one of a kind  
Gifts under the tree  
I know one of them mines  
It's time for the family  
To come together  
It's time to see my cuz man it's been forever  
Aunties and Uncle's my Mom's too  
You wanna kick it with the fam?  
You can roll through  
LA to Detroit  
My flight just landed  
Gift for everybody  
I ain't empty handed  
It's time to celebrate ya'll  
Kool and the Gang  
Take some time off  
You been doing ya thang!  
I'm proud of you fam  
Proud of all of ya'll  
Love in the atmosphere  
Family having a ball  
When I can to the town  
I had goal with me  
To celebrate Christmas  
Come and roll with me!

We riding we riding  
We rolling we rolling  
Put your hand in the air like this ya'll  
Wave them side to side this a hit ya'll  
We riding  
We rolling we rolling  
Rolling into Christmas  
Into Christmas

Christmas trees  
Egg nog and rum  
Kids in the bed waiting for  
Santa to come  
I got gifts for my mother  
Gifts for my father  
Gifts for my girl  
I bough her Balenciaga

Gifts for my daughter  
Got whatever she desired  
It's right there under the tree  
By the fire  
Snow is falling  
The vibe is right  
It's litty, its far  
From a silent night  
We got people in the club  
With they hands up  
Two step let me see you  
Do your dance bruh  
So find someone you love  
Or somebody you like  
Hold'em tight  
Tell'em we gone make magic tonight  
Cause we riding  
We rolling  
And we ain't nowhere near broke  
We holding  
And the car paid for  
It ain't stolen  
So like Pac  
You can you can picture me rolling, into Christmas!

Aaaay everybody get somebody body body  
Hope you've been nice not naughty naughty naughty  
Get on the dance floor it's a party party party  
Gotta move it girl like Lody dody dody  
I know you're loving your gifts but baby come on  
But we been in the house a little too long  
Now the Djs playing our favorite song  
Now we're on the dance floor roll on

Baby we rolling rolling rolling  
Rolling rolling rolling  
We riding we rolling the party is live  
Put your hand in the air if you feeling the vibe  
Baby we rolling rolling rolling  
Rolling rolling rolling  
Kick roll skate bounce  
It's Christmas time  
It's time to roll out

We riding we riding  
We rolling we rolling  
Put your hand in the air like this ya'll  
Wave them side to side this a hit ya'll  
We riding  
We rolling we rolling  
Rolling into Christmas  
Into Christmas  
It's time to roll out
