

Without You

Deitrick Haddon

I need you
I can't make it without ya

I just can't make it without ya
I just can't make it without ya
I need you, Lord, I need you, Lord
Now I realize
I just can't make it without ya
I just can't make it without ya

When I tried to do it without you I failed
Made my life a living hell
Like my soul was in a prison cell
Then You came along and paid my bailed
Now I'm free I'm so afraid
That I'll go back to my old ways
I can see the wolves standing by
Waiting for me to mess up just one time

I need you, Lord, I need you, Lord
Now I realize
I just can't make it without ya
I just can't make it without ya
I need you, Lord, I need you, Lord
Now I can't deny
I just can't make it without ya
I just can't make it without ya

I'm sorry I had to leave the party early
But there's something spiritual happening to me
The drinks and the women, yeah, I see
It's gotta be something more for me
Lord, I'm ready to heed the calling
I say yes no more stalling
I don't wanna among the fallen
Give me your power lord I'm all in

I need you, Lord, I need you, Lord
Now I realize
I just can't make it without ya
I just can't make it without ya
I need you, Lord, I need you, Lord
Now I can't deny
I just can't make it without ya
I just can't make it without ya

Living for Jesus ain't easy
I got enemies working against me
Lord, if you wanna use me
Give me the strength I need

Yeah
Lord, I need ya
24 hours
Lord, I need you
Oh
Lord, I need ya

Lord, I need ya
Lord, I need ya

I just can't make it without ya
I just can't make it without ya
