

You Have A Friend

Deitrick Haddon

You have a friend, that will be there, until the end, and all you have to do is just open your heart and let Him in, you have a friend. Somebody didn't have a father to lead them along the way, and somebody didn't have a mother, for whatever reason you shouldn't have to go through that pain. If you look back over your life you will realize that God has always been there. He's been holding your hand to let you know that somebody truly cares. You have a friend, that will always be there, until the end, all you have to do is just open up your heart and let Him in, you have a friend. If you find one friend in the world, you should love them like you love yourself. Cause it's hard to find someone you can believe in and someone you can depend on when you're in need of help. What a friend we have in Jesus, all of our sins and griefs to bear, what a privilege it is to carry everything to God in prayer. You have a friend that will be there until the end, and all you have to do is just open your heart and let Him in, you have a friend.

This is for the girl that feels alone, and this is for the boy who have no home, and this is for the lady that's been misused, let me encourage you, you're gonna make it through.

You gotta a friend who will be there for you, no matter what you going through you know it's true, you gotta a friend that will be down for you, you've got a friend, you've have a friend.

You've got a friend until the end, all you have to do is just open your heart and let Hm in, you've got a friend.
