

Bitter End

Deivos

Is it time?
Is there no mercy?
I run ahead, aimlessly
I climb but I'm going down
I fall without end
Everything flows and passes

Cataclysm, but no one pays attention
The earth disappears underfoot
I tread on corpses, stop at nothing
All hail the great destroyer
Nothing will remain, after all only a bitter end

Monuments will fall, and the sun will burn my name

I am nothing and nobody
Nothing will remain, after all only a bitter end
I climb but I'm going down
I fall without end
Everything flows and passes
Is it time?
Is there no mercy?
I run ahead, aimlessly
