Dej Loaf

Yeeeh

Yeeeh  
Baby what's the deal?  
Yeeeh  
Tell me what you here for  
Ride through the trenches, five thousand dollar trench coat  
Low key! Still looking like the lick doe  
Keep starring at me, know I had to get that info  
Tell bro chill Say Why he a bitch bro?  
Got a lot of bag, lot of money  
We can't miss bro, we can't miss tho  
We gon' ball, let 'em niggas play bench bro  
I didn't came this far  
Crew full of pussy why y'all niggas want dick for  
Numbers don't lie, y'all bitch is zero  
Praying on my downfall, I don't miss meals  
Made it out of city... I know niggas pissed still  
I know niggas pissed still  
I know niggas pissed still  
You still carry pistols...  
Cut a few niggas off, signed a couple new deals

They don't know how it feels to pay all your mama bills  
Put her in a bigger pill  
Why these niggas tryna steal my skills?  
I thank God, am in my right mind now  
Money in the stash put 'em honeys on time out  
Am verified, ain't no suckers on my timeline  
Tweet about me and my name next time  
Niggas lame, nigga's bitches  
Get a nigga going going, get my nail done  
Big screen, scarface eating salmon  
They think am gazing, when am shitting on my grandma  
She taught everything I know  
She told me that y'all nigga is a hoe  
She taught me everything is a go  
She told me don't talk, just blow  
Com'on granny gimme some more  
Com'on granny gimme some more  
They know we got out the mall  
They know we got out the mall  
You still carry pistols...  
Cut a few niggas off, signed a couple new deals  
They don't know how it feels to pay all your mama bills  
Put her in a bigger pill  
Why these niggas tryna steal my skills?...
