

Running Through My Mind

Dej Loaf

You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running, you been running, you been running, you been
running through my mind all day

You ain't answer my calls all day
You ain't even respond to my text
I know you probably out chillin with your niggas
I hope you not out chillin with that bitch
Leave them hoes alone, we gon be great yeah
I got your back baby, you know you safe yeah
I'm addicted to you, it's safe to say yeah
Tell me how you feel, I ain't gon wait here now
And when you come home, layup
Serve it fresh, put this pussy on your face yeah

You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running, you been running, you been running, you been
running through my mind all day

I been in my zone all day
Thinking bout you with your clothes off
Soul all naked
I wanna see you baby, your soul all naked
I wanna see your soul
I said I wanna see your soul
I said your soul all naked
I wanna see you baby, your soul all naked
Yeah your soul all naked
Cause you been running through my mind all day

You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running through my mind all day
You been running, you been running, you been running, you been
running through my mind all day
