

Up

DeJ Loaf

'Cause I believe I got up all alone, mmm (Mmm)
'Cause I believe that time waits for no one, game over

Kick me when I'm fallin', let me get up (Oh)
Kick me down and I'ma get up (Up, mmm, me down, me down)
(Girl, you know what I'm sayin')
And I'm walkin' with my head up (Up, mmm)
It's like a jungle sometimes, it's a setup (Ooh)
(Girl, you know what I'm sayin')

Bitches doin' me, I could never understand it
(He's a hard workin' man, mmm)
He's outstandin'
Make a nigga love me
He ain't see my bra or my panties (Yeah)
I feel like Mohammad Ali, yeah, I can conquer anything, mmm
Float like a butterfly and sting like a bee (Mmm)
A woman who stands for nothin' will fall for anything (Mmm)
I been takin' care of myself, I don't need for anything
(Girl, you know what I'm sayin')
('Cause I believe I got up all alone, mmm)
Lookin' at myself in the mirror like, "Girl, you're everything"
('Cause I believe that time waits for no one, game over)
Lookin' at myself in the mirror like, "I'm my worst enemy"

Kick me when I'm fallin', let me get up (Mmm, mmm, you catch me when I was d
own)
Kick me down and I'ma get up (You see me fallin', you see me fallin')
(Girl, you know what I'm sayin')
And I'm walkin' with my head up (Up, mmm)
It's like a jungle sometimes, it's a setup (Yeah, mmm, yeah)
(Girl, you know what I'm sayin')

Ayy, you're close to perfect with this shit, you like a ninety-nine
Before I leave, I hit it one more time
After everything I been through, I need that when I come and I leave
On her knees, girl, it's gon' be a breeze
I thought my love life was a setup
Pray a little, then I focused on my chakras
Now I'm hopin' that you catch up (Yeah)
I was going through some things
I told myself to keep it strong, you gotta get up
It goes to show that when my back's against the ropes, I still win when I'm
fed up
(Uh) Ayy
And now with DeJ in this shit
Three-sixty-five days in this bitch
Won't stop 'til I get paid in this bitch
Hope I master every phase in this bitch
Even if I'm in a daze, I'm feelin' blessed like I'm saved in this bitch, yea
h
