

Not Where It's At

Del Amitri

With some girls it don't matter who you hang with
With some girls it don't matter how you talk
And some girls they are easy to be yourself with
But the one girl that I want, ain't easy to please with what I've got

With some girls it don't matter where you're aiming
With some girls it don't matter how you act
And some girls they don't care what car you came in
But the one girl that I want, she wants that one bit of geography I lack

Yeah, she don't want me 'cause I'm not where it's at

And some girls they will worry about reactions
And some girls they don't give a damn for that
But somehow I ain't ever in on the action
'cause the one girl I want, she wants that one little quality I lack

Yeah, she don't want me 'cause I'm not where it's at

I don't have my finger on the pulse of my generation
I just got my hand on my heart, I know no better location
