

I Can't Fool Around Anymore

Del Shannon

I threw away my date book today
Cos I won't need it anymore
Cos I'm gonna marry a girl named Teri
So I can't fool around anymore

My friends say don't throw your life away
There's plenty other pretty girls around
But I don't care, we make a lovely pair
And I can't fool around anymore

I never thought I'd ever get caught
But I'm so glad I did
Cos now I see she means more to me
Than any other girl ever could

So I'm gonna marry my girl named Teri
No matter what the others say or do
I'm tired of fooling 'round
I'm gonna settle down
So I can't fool around anymore

I'm tired of fooling 'round
I'm gonna settle down
Si can't fool around anymore

I've played around all the spots in town
Had a different date every night
But starting today, our love's here to stay
And we both wanna get wed

So I'm gonna marry my pretty girl Teri
And we're going on a honeymoon
I'm tired of fooling 'round
I'm gonna settle down
Can't fool around anymore
Can't fool around anymore
can't fool around... anymore
Anymore
