

I'll Always Love You

Del Shannon

This is the beginning,
The start of something I can't stop,
And I will always need you,
till trees don't grow,
till streams won't flow,
I'll always love you,

Maybe sweetheart,
Someday soon,
We will walk,
Side by side,
Then my darling,
You will know,
And you'll, you'll realize,

That I will always need you,
I swear it's true,
No one else will do,
I'll always love you
