

## Lies

Del Shannon

Why do people tell lies,  
Just to see others cry,  
They tell you I've been untrue,  
If you believe them,  
You're believing lies,

Oh darling, believe what I say,  
Don't let your heart get away,  
Don't listen to gossip that's going round,  
If you believe them,  
You're believing lies,

Don't believe a word they say,  
They're trying to get things their way,  
If you believe every word you hear,  
You'll wind up with only tears,

I know things look out of hand,  
But if you just understand,  
I'll clear things up if you just wait,  
If you believe them,  
You're believing lies,

Don't believe a word they say,  
They're trying to get things their way,  
If you believe every word you hear,  
You'll wind up with only tears,

I know things look out of hand,  
But if you just understand,  
I'll clear things up if you just wait,  
If you believe them,  
You're believing lies,  
If you believe them,  
You're believing lies,  
If you believe them,  
You're believing lies.
