

## Lost in a Memory

Del Shannon

Lost in a memory  
Of days gone by  
I look at her picture and still wonder why  
So young and so foolish  
I let her go  
I wonder if she thinks of me  
Or if she knows  
That i`d like to hold her (hold her)  
And lay her down again (lay her down)  
And tell her over and over what I should've said way back then  
They say you can't, bring back yesterday  
I'd like to try, does she feel the same way  
I'm lost in a memory

Maybe somehow someday, I'll find her  
And I'll hear her say that she needs me too  
Words of an old song that we used to play  
Bring back old memories of a cold rainy day  
So young and so foolish  
I let her go (let her go)  
I wonder if she thinks of me (whoh ooh ohh)  
Or if she knows  
That i`d like to hold her (hold her)  
And lay her down again (lay her down)  
And tell her over and over what I should've said way back then  
They say you can't, bring back yesterday  
I'd like to try, does she feel the same way  
I'm lost in a memory  
Where could she be  
I'm lost in a memory  
Where could she be  
I'm lost in a memory  
Where could she be  
I'm lost in a memory  
(Where can she be) Where could she be  
I'm lost in a memory  
Where could she be
