

My Wild One

Del Shannon

They call you a wild one
Yeah the wild one
But I will always love you
Everybody I know calls you the wild one
They say you're mean and cruel
And you're always on the run
They say that I'm too blind to see
And I'm gonna be so lonely if I fall in love
With such a wild one

Even mom and dad
Feel the same way
They say to let you go
You're gonna break my heart some day
You're a loose one, I know
But I can't let you go
I'll always be in love
With my wild one

They never really try to know you
They don't see to stand your ways
But I'll always be beside you
No matter what they say
And if I give you time
I believe you'll change
All your funny little ways
That make you seem so strange

So let 'em call you the wild one
I don't really care
It doesn't bother me
Cause we got a love to share
You're a little wild I know
But I can't let you go
I'll always be in love
With my wild one
Yeah my wild one
I will always love you
So let them call you the wild one
