Twist an shout
Come on, come on, come, come on baby now
Come on and work it on out
Well work it on out, honey
You know you look so good
You know you got me goin' now
Just like I know you would Well, shake it up baby now
Twist and shout
Come on, come on, come, come on baby now
Come on and work it on out
You know you twist, little girl
You know you twist so fine
Come on and twist a little closer now
And let me know that you're mine, woo Ah, ah, ah, ah, Yeah, shake it up baby now
