

Bug Bites

Del Water Gap

We could share a life if we wanted to
This could be the loneliest lesson
We could both be fine if you left us to it
Shame we both get so high on testing it

And when you know I've been sleeping out
Makes you wanna hit me, makes you wanna kiss me too
I've been sleeping out, don't you wanna hit me?
Every single bug bite on your wrist
Visible reminders, you've become an island just like me
Right now

You're just like me
Just like me
Visible reminders, you've become an island just like me

Talking to yourself when you've been drinking late
Hear you dropping glasses in the kitchen
Curse the way we muscle, how it keeps us aching
Hopelessly addicted to the friction

And when you know I've been sleeping out
Makes you wanna hit me, makes you wanna kiss me too
I've been sleeping out, don't you wanna hit me?
Every single bug bite on your wrist
Visible reminders, you've become an island just like me
Right now

You're just like me
Just like me
Visible reminders, you've become an island just like me
Just like me
Just like me
Visible reminders, you've become an island just like me

Oh love, tell me we're not tragic
I can't let you go but I can't really have you

Oh love, tell me we're not tragic
I can't let you go but I can't really have you

And when you know I've been sleeping out
Makes you wanna hit me, makes you wanna kiss me too
I've been sleeping out, don't you wanna hit me?
Every single bug bite on your wrist
Visible reminders, you've become an island just like me
Right now

You're just like me
Just like me
Visible reminders, you've become an island just like me
Just like me
Just like me
Visible reminders, you've become an island just like me

Just like me
Just like me

Visible reminders, you've become an island just like me
