

## Want It All

Del Water Gap

Thinking 'bout killing myself all the time  
Ain't too good for business  
Ain't good for this headache  
Ain't good for for my mind

Thinking bout my ex all the time  
Ain't good for my lover  
I keep it undercover  
Somewhere in my mind

I want it all  
Want it - no, I want nothing at all  
When it comes down to it

I want it all  
Want it - no, I want nothing at all  
When it comes down to it

Waiting for the dogwood to bloom  
I've got a funny feeling  
It's not still the beginning of my life

There's an owl outside my room  
She's telling me to wander  
Wake up in the pasture  
Give up all this crying

I want it all  
Want it - no, I want nothing at all  
When it comes down to it

I want it all  
Want it - no, I want nothing at all  
When it comes down to it
