Delacey

I don't trust myself around you  
I'm like a kid in a supermarket  
When I'm reaching for your heart  
It might as well be a bar of chocolate  
I'm hopeless for you  
I'm hopeless for you  
Do you even see me?

Damn, I wish I was your lover  
I think I'd be good at it  
I think you should let me try it, babe  
Damn, you know I've always wondered  
Had you in my dreams before  
It was heaven like I've never known

I would do some awful things  
Just to get you where I want you  
Does that make you scared of me?  
I just knew it when I saw you  
I'm hopeless for you  
I'm hopeless for you  
Do you even see me?

Damn, I wish I was your lover  
I think I'd be good at it  
I think you should let me try it, babe  
Damn, you know I've always wondered  
Had you in my dreams before  
It was heaven like I've never known  
Tell me that you love me too  
Tell me I'm the one for you, yeah  
Tell me I'm not your fool  
Cause I don't know what to do, yeah  
Damn, you know I'm like no other  
I wish I was your lover

Got me begging on my knees  
Pretty please that I get what I need from you  
Got me begging on my knees  
You're a tease but I still wanna get with you, yeah  
And I really wanna be your lover  
I really wanna be your lover  
Oh damn  
Oh damn, damn, damn, damn

Damn, I wish I was your lover  
I think I'd be good at it  
I think you should let me try it, babe  
Damn, you know I've always wondered  
Had you in my dreams before  
It was heaven like I've never known  
Tell me that you love me too  
Tell me I'm the one for you, yeah  
Tell me I'm not your fool  
'Cause I don't know what to do, yeah  
Damn, you know I'm like no other  
I wish I was your lover
