

Phantom Feelings

Delacey

Ooh
Oh-oh-oh-ooh
Oh-oh-oh-ooh
Oh-oh-oh-ooh

It's like a tall glass of your favorite drink
But it's missing an ingredient
Like I heard a sound but it was nothing
Yeah, it was nothing

Déjà vu of you
Déjà vu, where are you?

You left me with phantom feelings, baby
You're ruining all my evenings lately
That don't exist, but the feeling is lingering, lingering
You left me with phantom feelings, baby

Do you think the moon feels incomplete
When it's in the dark missing a piece?
Maybe trees, they start missing their leaves
When winter is coming

Déjà vu of you
Déjà vu, where are you?

You left me with phantom feelings, baby
You're ruining all my evenings lately
That don't exist, but the feeling is lingering, lingering
You left me with phantom feelings, baby
That don't exist

Ooh
Oh-oh-oh-ooh
Oh-oh-oh-ooh
Oh-oh-oh-ooh
