

Same Song Forever

Delacey

I wake up before you
Snooze an excuse to stay
You need another hour
Else you'll be a bitch all day
I do my best to step quietly
Take a piss and scrape my tongue
60 minutes of anime
And then I

Crawl back to bed
Give you some
I drink
Your hands
Your feet
Up
Entirely
I'd sing
The same song forever
The same song forever
The same song forever

Big decision
Walk or drip
Both take 30 minutes
Probably shouldn't do it in the kitchen
We always burn it and put too much milk in
Making sure Rebecca brought the kids in
So I can

Clear the counter
Give you some
I drink
Your hands
Your feet
Up
Entirely
I'd sing
The same song forever
The same song forever
The same song forever

I could sing the same thing
Never get old
I could sing it always
The same song forever
The same song
