

Unlovable

Delacey

There's no fucking way you're this wonderful
I still believe that I'll die alone
I always keep one hand on the door
Even if you never let me go
I'm unlovable as they come, babe
I'm unlovable, unlovable

And you said don't talk shit about the girl I love
You love so hard and I wanna believe you
I wanna believe you
Really wanna believe you
Even when it's dark and we're not as young
Never break my heart and I wanna believe you
I wanna believe you
Really wanna believe you

I know sometimes I can be a bitch
I know I come with a lot of baggage
Tell me you love me and promise it
Sometimes I just need to fucking hear it
I'm unlovable as they come, babe
I'm unlovable, unlovable

And you said don't talk shit about the girl I love
You love so hard and I wanna believe you
I wanna believe you
Really wanna believe you
Even when it's dark and we're not as young
Never break my heart and I wanna believe you
I wanna believe you
Really wanna believe you

Tell me they were wrong and I'm enough
Tell me I'm beautiful and you're in love
Tell me they we're wrong and I'm enough
When I think I'm unlovable, unlovable

And you said don't talk shit about the girl I love
You love so hard and I wanna believe you
I wanna believe you
Really wanna believe you
Even when it's dark and we're not as young
Never break my heart and I wanna believe you
I wanna believe you
Really wanna believe you
