April Rain

Fortune smiles on you You're not watching, dig that hole deeper Fortune smiles on you You're not watching, create your own fate

Count your blessings and prepare to change your point of view All those days that you spend waiting won't come back to you Take off the glasses that have treated your world black and gre Y It doesn't get easy, don't you know

Fortune smiles on you You're not watching, dig that hole deeper Fortune smiles on you You're not watching, create your own fate

Keep raining 'cause we are blind Keep raining 'cause we are tired Keep raining 'cause we are blind to fortune's guidance now

It keeps raining, 'cause we are blind It will keep raining, 'cause we are tired It keeps raining, 'cause we are blind oh It will keep raining 'cause we are tired

Fortune smiles on you You're not watching, dig that hole deeper Fortune smiles on you You're not watching, create your own fate
