

Dance with the Devil

Delain

(We didn't say goodbye this time)
(We didn't say goodbye this time)

I am the heart, I am the lion
And no matter what I do it keeps me wanting more
Until I change that

Till we meet again, my dear, can't lie
It's a cruel annihilation
But I'll worship you forever

We didn't say goodbye this time
We didn't say enough and it's too late
I'll see your face in hell
I'll pick myself up off the ground and dance again
Dance with the devil

We didn't say goodbye this time
We didn't say enough and it's too late
I'll see your face in hell
I'll pick myself up off the ground and dance again
Dance with the devil

I'm not wishing anything bad upon you
But I hope you get what you really deserve
And set me free now

Till we meet again, my dear, can't lie
It's a cruel annihilation
But I'll worship you forever

We didn't say goodbye this time
We didn't say enough and it's too late
I'll see your face in hell
I'll pick myself up off the ground and dance again
Dance with the devil

I still feel the thirst, in my eyes, it hurts
When you'll think of me remember your words
Your name will always remind myself dreams fade for good
It's over

Until we see the light again
Can't stop the bleeding from within
And I'll dance with the devil
Cause it feels like home

We didn't say goodbye this time
We didn't say enough and it's too late
I'll see your face in hell
I'll pick myself up off the ground and dance again

We didn't say goodbye this time
We didn't say enough and it's too late
We never said enough
We never wanted more
We never said enough, enough
