

Let's Dance

Delain

We all knew this day would come
We all knew this day would come
We all knew this day would come
We all knew this day would come

It's a beautiful day
Mountains crumbling down
It's a beautiful day
Skies are turning red
It's a beautiful day
We're all falling now
It's a beautiful day
This must be the end

Let's dance, dance
Like ants in a hill fire
Let's dance, dance
Like ants in a hill fire

All the holes here in the sand
All the holes the size of heads
We won't have the time to dig
Dig them deeper for the dead

It's a beautiful day
Mountains crumbling down
It's a beautiful day
Skies are turning red
It's a beautiful day
We're all falling now
It's a beautiful day
This must be the end

Let's dance, dance
Like ants in a hill fire
Let's dance, dance
Like ants in a hill fire

Let's dance, dance
Like ants in a hill fire
Let's dance, dance
Like ants in a hill fire

Our welcome long overstayed
Now we count the days

Let's dance, dance
Like ants in a hill fire
Let's dance, dance
Like ants in a hill fire

Let's dance, dance
Like ants in a hill fire
Let's dance, dance
Like ants in a hill fire
