

# Pendulum

Delain

Time's moving onwards  
Pushing and pulling me  
Offering no release  
Where do we go now  
Why can't we pause and stay

I'm hanging on the  
Pendulum below the clock  
Please swing slower, make it stop

Can we end the endings?  
Can we make believe it will last forever?  
I don't mind pretending  
Still you push me  
Still you push me  
Faster

Time's moving onwards  
Turning the night to day  
I'm jumping on the brakes  
Where does this thing go  
Why can't we pause and stay

I'm just afraid to  
Realise as I look up  
Who's getting off at the next stop

Can we end the endings?  
Can we make believe it will last forever?  
I don't mind pretending  
Still you push me  
And the endings  
Now

Can we end the endings?  
Can we make believe it will last forever?  
I don't mind pretending  
Still you push me  
Still you push me  
Faster  
Faster  
Faster  
Faster
