Scandal

Delain

Scandal – Now you've left me all the world's gonna know
Scandal – They're gonna turn our lives into a freak show

They'll see the heart-ache, they'll see our love break
They'll hear me pleading, I'll say for God's sake
Over and over and over again,

Scandal – now you've left me there's no healing the wounds
Scandal – And all the world can make us out to be fools

Here come the bad news, open the floodgates
They'll leave us bleeding, we say you cheapskates
Over and over and over again

So let them know when they stare, it's just a private affair
They'll have us hung in the air and tell me what do they care
It's only a life to be twisted and broken

They'll see the heart-ache, they'll see our love break
They'll hear me pleading, I'll say for God's sake,
Over and over and over and over again,

Scandal, yes you're breaking my heart again
Scandal

Today the headlines, tomorrow hard times
And no-one really knows the truth from the lies
And in the end the story deeper must hide
Deeper and deeper and deeper inside
