

# To Live is to Die

Delain

Life will pass  
Like a flash

To live is to die  
Remember to live  
To live is to die, to die, to die, to die

There's no time  
Just be kind

Tell me how you'll fill the void  
Screaming sorrow or screaming joy?

To live is to die  
Remember to live  
To live is to die, to die, to die, to die

Tell me how you'll fill the void  
And live a life worth dying for?

To live is to die  
Remember to live  
To live is to die, to die, to die, to die

There's no time  
There's no time  
No time
