

# Lovesick Lullaby

Delaney Jane

What a work of art  
How we fell apart  
What a work of art

I broke down when it came out  
Yeah, I cried about it  
It cut deep when you told me  
Wish you'd lied about it  
She's your type, yeah, just right  
You smile around her  
I can't sleep 'cause it's not me  
But I'm glad you found her  
Our heartbeats in sync  
Even when we're distant  
I try to be happy  
With your permission  
I tell you that I love you  
With no conditions  
Then I freak out, say I hate you  
I get so malicious

What a work of art  
How we fell apart  
What a work of art

There's gold in the cracks  
Diamonds in the dirt  
There's blood in the scratch  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken

There's gold in the cracks  
Diamonds in the dirt  
There's no going back  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken

You grew to be a part of me  
And we bled together  
My blues met your greens  
And we stormed the weather  
You were there for me when I couldn't be  
Yeah, I remember  
I was reckless with the wrong guys  
And you showed me better  
Now I'm choking on memories  
With colors fading  
But it might just look right  
With different framing  
This masterpiece of you and me  
Will last forever  
Just not together

There's gold in the cracks  
Diamonds in the dirt

There's blood in the scratch  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken

There's gold in the cracks  
Diamonds in the dirt  
There's no going back  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken

What a work of art  
How it breaks my heart  
What a work of art

There's gold in the cracks  
Diamonds in the dirt  
There's blood in the scratch  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken

There's gold in the cracks  
Diamonds in the dirt  
There's no going back  
Gotta love it when it hurts  
'Cause we're more beautiful when we're broken  
Yeah, we're more beautiful, more beautiful when we're broken
