Girl's On Fire

Never thought I'd see her smile Yeah the girl is on fire Never thought I'd see her smile Yeah the girl is on fire

Well alright, alright, alright I'm coming round today Well alright, alright, alright I'm coming round today

Never thought I'd see her smile Yeah the girl is on fire Never thought I'd see her smile Yeah the girl is on fire

Well alright, alright, alright There's so much more to say Well alright, alright, alright There's so much more to say

Never thought I'd see her smile Yeah the girl is on fire Never thought the time was right Yeah the girl is on fire

Coz we stayed out too long Playing in the sun fire in your eyes Fire in your eyes, yeah we stayed out Too long playing in the sun Fire in your eyes, fire, fire, fire, fire

Never thought I'd see her smile Yeah the girl is on fire

It's in your eyes, it's in your eyes
