

## Long Time Coming

### Delays

Tore it up and walked away  
Why'd you wanna go do that for?  
Threw your Lego in the lake  
Why'd you wanna go do that for?

And your a long time coming  
A long time coming home.  
Do you see me reeling  
Off the lines I've seen your  
I've seen your eyes.

How can you grow old you were my triumph  
How can you grow old you were my triumph

Turn your face into the squall.  
Why'd you wanna go do that for?  
You carved your name into the wall  
Why'd you wanna go do that for?

And your a long time coming  
A long time coming home.  
Do you see me reeling  
Off the lines I've seen your  
I've seen your eyes.

How can you grow old you were my triumph  
How can you grow old you were my triumph

But your a long time coming  
A long time coming home.  
Do you see me reeling  
Off the lines I've seen your  
I've seen your eyes.

How can you grow old you were my triumph  
How can you grow old you were my triumph

But your a long time coming  
A long time coming home.  
Been a long time coming
