

No Contest

Delays

Right now I'm ready for the future
You pack light,
I'm waiting for your return flight
But if you've gotta go away,
Then you gotta go away

Hold fast, these black clouds won't last
And at night, your head's like a kaleidoscope
But if you've gotta go away,
Then you gotta go away
And if you gotta go then you gotta go
But there's one more thing that you should know

There's no contest for your reason,
There's no contest now

Take care, I'll miss you
When you're not there
To friends passed,
These flags fly half mast
But if you've gotta go away,
Then you gotta go away
And if you gotta go then you gotta go
But there's one more thing that you should know

There's no contest for your reason,
There's no contest now

Summers at your back
Always winter where you're at
Can we grow, can we grow?
Summers at your back
Always winter where you're at
Can we grow, can we grow?
Love is all around a golden robe
A golden crown,
Can we grow, can we grow?
