

## Real Good Itch

Delbert McClinton

I can feel you hangin' around all the way across town  
I can feel you wishin' I'd call or maybe just come around  
Now, I don't know what causes this to be  
But I know one thing, honey  
You sure do scratch a real good itch with me

I notice it sometimes drivin' when I think of you  
Whatever it was it's gone that was making me blue  
Now I don't know what it is, that little something you do  
But I know one thing, honey  
I ain't never gonna' be anything but in love with you

Now you got me like I been wantin' to be got for a long, long time  
I been needin' somebody just like you  
To hone this edge of mine

Now, you got me like I been wantin' to be got for a long, long time  
I been needin' somebody just like you  
To hone this edge of mine

I can feel you hanging' around all the way across town  
I can feel you wishin' I'd call or maybe just come around  
Now, I don't know what causes this to be  
But I know one thing, honey  
You sure do scratch  
Sure do scratch a real good itch with me  
Yeah, you sure do scratch  
Sure do scratch a real good itch with me
