

# You Gonna Miss Me

Delbert McClinton

You gonna miss me  
all through the lonely night  
You gonna miss me  
all through the day  
You may wonder for a long time  
Oh, why, did you drive your man away.

You packed my bags, and tell me I'm leavin'  
Say I've laid around too long  
You givin' up on love now darlin'  
'Cause we both been doing wrong.

But you gonna miss me, babe  
all through the lonely nights  
You gonna miss me  
all through the day  
You may wonder for a long time  
Oh why, did you drive your man away.  
Oh why, did you drive your man away.

You wanna change the situation  
Tell me I'll just have to go  
But that won't make it better baby  
That lonely feelin' gonna get so cold.

You gonna miss me  
all through the lonely nights  
You gonna miss me  
all through the day  
You may wonder for a long time  
Oh why, did you drive your man away.
