

## Closer

Delilah

Say you will, say you won't  
You tell the truth, sometimes you don't  
Until I die I will give you my life, my life

I want to feel and be kept safe  
I won't last another ... from you

Why do you run & hide (?)  
I won't cry for you  
Not this time

Come Closer  
Closer, say you'll come a little closer  
Closer, say you'll come a little closer  
Come closer  
Say you'll come a little closer  
Closer

Night & day, I'm not afraid  
Stand by me, no need for space  
Until I die I will give you my heart, the stars

I want to feel & learn to love  
You should want some other ... from me

Why do you run & hide (?)  
I won't cry for you  
Not this time

Come closer  
Closer, say you'll come a little closer  
Closer, say you'll come a little closer
