

Baby, I don't know what you doin' to me, I don't know what you doin' to me,  
I don't know what you doin' to me, I don't know what you doin' to me  
You got me, you got me, you got me  
(I want you) Got me goin' deep, got me goin' deep, got me goin' deep, deep  
(I will have you)

You got me goin' deep, babe  
You know I feel you in my sleep, babe  
You know I captured your mind  
And I could fuck you all the time, yeah  
I wanna feel all of your eight inches of ego all in me  
I ride it on that beat  
Never had a bitch ride it like me  
I'll mind fuck you, I want you  
Give in tonight and I'll suck ya  
Open up your legs and I'll touch ya  
In a deeper way that you ain't ready for, for  
You know I'll take you to the floor  
You hit that spot, and, girl, it's yours  
And when I hit it, girl, you'll know

Pour some Henny up in my cup  
Smokin' on this blunt  
I'll give you whatchu want  
Tell me whatchu want  
Hit that spot, that G  
Baby, that spot, that G  
Yeah, baby, that spot, that G  
Baby, that spot, that G  
Baby

Joe  
Bullseye, I've located the spot  
Never met anyone bolder, I hope you ready to rock  
Get in a box and start thinkin' outside it  
I'm like a stallion, baby, get on and ride it, yee-haw  
Sit on it, go up and down like a seesaw  
Took her to heaven, ain't no tellin' what she saw  
She love it, don't need a potion, why?  
The motion up in the ocean, got her wetter than a seashore  
We sure know how to make a mess, don't it  
DJ Khaled, got her screamin', "You the best" on it  
This D put her to sleep, let her rest on it  
We be humpin' like rabbits and she leapt on it, hah  
Keepin' it secret is cool  
Tell your friends you goin' swimmin', I go deep as a pool  
If you hope for more explorin' the ocean floor  
Open your clam and that equals a jewel, oh  
That's enough of all the water analogies  
Instead of talkin' I'd rather be beatin' it up, assaultin' and batterin'  
How I know I hit it right, the way you walkin' is flatterin'  
If we go another round, like a boxer, you staggerin'  
They can't hit it and quit it, they be stalkin' and badgerin'  
Have you callin' for God, Mary and Jesus of Nazareth  
Lose yourself with me inside of this labyrinth  
Tell 'em my name, far from average  
Joe

Pour some Henny up in my cup  
Smokin' on this blunt  
I'll give you whatchu want  
Tell me whatchu want  
Hit that spot, the G  
Baby, that spot, the G  
Yeah, baby, that spot, the G  
Baby, that spot, the G  
Baby

(I want you  
I will have you  
I want you  
I will have you)
